NATIVE FLORA, PRESERVING THE ORIGINAL OREGON WINE EXPERIENCE

Decades ago, Oregon's pioneering wine families established the Willamette Valley. Their diminutive scale and collaborative spirit meant that early tastings were always led by the proprietors of each fledgling estate in a convivial atmosphere. Oregon became known for intimate tastings led by hands-on producers of world class wines.

Despite Oregon's "wine explosion", Native Flora still offers discerning wine buyers an extraordinary experience reminiscent of Oregon's early wine days. They offer tastings by appointment in an uncrowded, unhurried environment, always poured and narrated by the owners. They display the infectious passion and fun inherent in growing and fermenting small batch offerings. Their wines are not found on store shelves or in wine magazine reviews because their production is limited and sold largely, if not exclusively, to individual wine collectors. If you are seeking to acquire excellent wines in an intimate, hands-on environment, this is a marvelous adventure.

THE DUNDEE WINE LIBRARY OFFERS AGROTOURISM AT ITS FINEST

Agritourism is abundant at the Dundee Wine Library, an eclectic and boutique winery, tasting room and bed & breakfast destination. Guests are invited to tour the 4,500-bottle (literal) wine library, take a selfie with the goats, taste wine alongside four on-site rescue tortoises, tour the cactus greenhouse or walk through the forest alongside the estate vineyard.

Guests can enjoy spectacular views of the Chehalem Valley with a picnic and a glass of Dundee Wine Library's Pinot Noir or a Rosé crafted by French winemaker, Thibaud Mandet, who brings two decades of winemaking experience from Willakenzie Winery. Mandet's personal label "Clos Griotte" is also available for tasting. Club membership options with a literary theme and custom walking and biking tours of the Dundee Hills AVA are available.

WINTERS HILL: FEATURING AN EDUCATIONAL VINEYARD & WINERY TOUR ENDING WITH A GOURMET LUNCH

Winter's Hill offers a tour which begins with a lovely stroll through majestic oak woodlands leading guests to their vineyards. Great wine starts in the vineyard and guests will be treated to details of how the vines are tended, the grapes are grown and ultimately transformed into wine. The experience also includes a tasting, a tour of the winery, and ends with a gourmet picnic lunch on their patio.

VIEWS AND ACTION, FURIOSO

Furioso Vineyards has created a truly unique tasting room experience nestled in the vines of one of the Dundee Hills' oldest vineyards. Seventy feet long and thirty feet deep, with fourteen-foot-high glass walls offering an unobstructed view on all four sides, the tasting room is a true Dundee Hills AVA gem. This incredible design features a shared glass wall with the winery's crush pad facility. This enables Furioso the ability to offer all guests an up-close harvest experience from the warmth and safety of the tasting room. The winery, barrel room, and tasting room complex opened in May 2018. Seated tastings and tours are available daily. Reservations are HIGHLY recommended, especially on weekends. Walk-in patrons are welcome as seating allows.

Enjoy a guided hike through Furioso Vineyards' historic Dundee Hills estate Furioso Vineyard, concluding with a flight of estate Pinot Noirs paired with a cheese and charcuterie board. Explore the terroir that makes the "red hills of Dundee" so renowned with an engaging walking tour through our vines. Notes: this experience is OUTSIDE and 21 and over only. This is a working vineyard, so proper footwear is required (closed toed shoes only, no heels). The terrain is not completely flat and we regret that the vineyard tour is not fully wheelchair accessible at this time – an abbreviated, custom tour can be made available.
